AGREEMENTS ARE REACHED BY CHANGING APPLICATION

Milkmen and Local Committees Compromise on Milk Question.

NO LOCAL INSPECTION

Dairymen Contend That State Does Work Regularly and Claim That is Enough.

Through the efforts of a committee from the business men and the board of health of Charleroi, an arbitrary agreement has been reached with members of the Fallowfield Milkmen's Association, whereby they will continue the sale of milk in Charleroi, the same as before, but regulated by the ordinance recently passed, which went into effect today. A meeting of the association was held last evening in Fallowfield township, and Dr. Edwin McKay and Will M. Gault of the board of health, Kerfoot W. Daly, J. J. Hott and R. H. Rush, from the business men, attended the meeting.

The whole trouble was over the application for license to sell milk in Charleroi. The milkmen refused point blank to agree to the conditions imposed therein, and the only way by which any agreement could be effected was by changing this. It was gone over part by part and the objectionable features stricken out. The board of health will have applications prepared at once in accordance with the agreement. The principal stand was taken by the dairymen on the question of local inspection. They would not agree to have any local man inspect their dairies when the State already had them inspected regularly. The application of the dairymen is as follows:

Charleroi, Pa.,.....19
I hereby make application to the board of health of Charleroi, Pa., for permission to sell milk or cream in the borough of Charleroi from a wagon.

The dairies from which I obtain milk are located intownship, and are owned by The number of cows from which said milk is obtained is The number of quarts of whole milk which I sell on an average daily is There are no cases of typhoid fever, consumption, diphtheria, scarlet fever, small pox, or other communicable diseases of any kind in my house, family or among my employees, or in the house, family, or in the employees of the owner of the dairy or dairies from which said milk or cream is obtained; and in case of the appearance in any of the said families of any such diseases I will immediately make report thereof to the secretary of said board of health.

The application must be signed by the applicant. The milkmen did not deliver any milk in town today, but will begin under the new rules tomorrow. There was no trouble in reaching agreements last night and both sides were satisfied.

Controller Blows Out; Fire Results

Traffic on Pittsburgh Railways Lines Delayed by Accident.

By the burning out of a controller on a car of the Pittsburgh Railways company at Monongahela early this morning, some delay in traffic was caused. The car was in charge of Conductor James Buchanan and Motorman Ollie Michener. When the controller blew out the car caught fire, and before the flames could be extinguished, part of the car had been burned. The accident happened at about 6:45 o'clock, the car being the one due here at 7:15 o'clock.

LARGE CROWDS OPENING NIGHT

Vaudeville Drew Well at Coyle With Good Performances on the Bill.

Charles T. Crowley, as Lewis Switzer, Miss Georgia Ahl as Miss Madeline and Tom Kane as Deacon Goodenough and Sweetie, were the headliners on the list at the Coyle Theatre last night in the opening there of vaudeville. The trio is known as the "Omega Trio," and have an intensely humorous sketch, "Sweetie's Finish," in which the exceedingly clever work of Crowley, as the German, Switzer, in the featuring part. Tom Kane easily walked off with the medal for the best vocalist, having an exquisite voice with complete knowledge of how to use it. Miss Georgia Ahl, the lady in the trio, by her prepossessing mannerism and talented work was a favorite.

Besides the "Omega Trio," Blanche Meade had her wonderful performing dog "Sparkies," perform any number of difficult things. The dog went so far as to even read, besides accomplishing other equally remarkable tasks.

The Bartlettas, billed as European Equilibrists, proved favorites. The number was really better than the ordinary, and the praise they received was fully deserved. Steppes and Seldor in "Rosenbaum the Soldier" were slightly above the ordinary in their act, and gained the good will of the audience by their funny antics. Logan Williams, The Minstrel Man, cracked a number of good jokes, not at all cold storage, or if they were, so changed around that people were unable to recognize them.

The Coyle, under the new management, was crowded to the limit for both performances. For the first performances standing room was at a premium, and it was necessary to carry in chairs.

WILLIAM NOBLE STILL IN SERIOUS CONDITION

William Noble of near Centerville, who was the victim of a brutal assault by a negro at his home Saturday night, is still in serious shape. He was able to be up this morning, but is hardly in condition to walk. His wife, who was also somewhat used up, is about doing her work. Kemp Smith, who is confined in the Charleroi lockup for the crime, protests his innocence.

DISTRICT LEADERS RUN UP BIG SCORE BUT SURPRISES MAY COME

Tail Enders May Come Up Astonishingly Fast Within the Next Few Days—Candidates Coming to Front.

PLENTY OF TIME TO ENTER AND WIN VALUABLE PRIZES

In every district there is still a chance for some new entrant to advance to the front. Nobody is safe because no leads the list today. Perhaps right now some one in the background is quietly working away, suddenly to appear at the top of the heap when others thought him safely asleep on the job.

Take District No. 5. There are two or three who, before the contest is ended, may be in different places from where they are now, for the contest is hardly started. And it is a pretty safe bet there'll be some big doings in District 1 and 2. Some entries are already shouting about the rapid pace. They talk of dropping out when others are just entering and simply running away with the votes that those earlier in the race could get every day, if they would only try.

Going to let the newcomers scare you out? Pshaw! "YOU" ought to have more sand than that.

The one that's worth while is the one who will smile—When the contest is over.

Some folks are going to open their eyes and look with wild surprise when the winners in this great contest are announced on the night of March 26.

A man who dropped in the other day to see us said that some "live wire" could run away with some of the districts. It's not too late.

A lot of candidates who have just begun to work say it is the greatest fun they ever had. They say it's all in trying and, when once they try, the way their scores shoot up is a marvel. It's no bluff, either. Just ask some leader or anyone else who's really trying to win if they're not tickled to death that they're in the race and see what they say. Not one of them will tell you "nay," but all will confess that they are going to stay to the finish and see it out.

This will be a sure 'nuff contest.

A CORRECTION.
In the voting rules of yesterday the Contest Editor made a mistake in the dates, stated in the paper as March 1st and should be March 14th. The following is correct:

No candidate will be permitted to cast more than 10,000 votes more than the leader had in the published list of votes in the previous day's issue, ending March 14.

After March 14 there will be no limit to the voting and candidates may cast as many or few votes as they choose.

RETURN RECEIPT BOOKS.

Candidates who are not active in the contest should return the subscription books, as we need them very badly for the workers.

TWO CENTERVILLE WOMEN POISONED

Mrs. Amanda Bailey and Daughter Miss Elizabeth Bailey Victims.

Mrs. Amanda Bailey and daughter, Miss Elizabeth Bailey, who live alone on a farm near Centerville, are victims of a mysterious attempt at poisoning. Both were in a critical condition, and the daughter is not yet considered out of danger.

The two attended a teachers' institute Saturday night. Returning home they made coffee. Each drank a cup or two, and both immediately became violently ill, and were seized with convulsions. Both lay on the floor unconscious until Monday morning, when the mother dragged herself over the frozen ground a quarter of a mile to the house of a neighbor, where help was secured. A doctor was called from Beallsville, and while Mrs. Bailey soon recovered the daughter is still in a critical condition.

It is supposed that some one entered the kitchen while the two women were absent and placed poison in the coffee pot.

QUIET WEDDING AT LUTHERAN CHURCH

At Christ Lutheran church at 8:30 o'clock last evening Miss Susan Elizabeth Anthony, daughter of Mr. and Mrs. A. S. Anthony of McKean avenue, and John A. Lane of Charleroi were married. Rev. Chalmers E. Frontz, the pastor of the church officiating. The affair was witnessed only by the immediate families. The ring ceremony was used. Mr. and Mrs. Russell Anthony, the former a brother of the bride, attended the couple, and the wedding march was played by Miss Adele Heupie. The couple will not take any tour at the present time, but will begin house-keeping here. Mr. Lane is employed in the American Steel and Wire plant at Donora, where he holds a responsible place. The bride is a popular young lady. The couple have the good wishes of a host of friends.

Enters New Business.

COUNTY AND STATE OFFICERS MEETING

Rev. G. G. Kerr, Washington County Association President in Attendance.

Rev. G. G. Kerr, the county president of the Washington County Sabbath School Association, with his son Gibson, is in Pittsburgh today attending the conference of county and State officers, called for the purpose of arranging plans for work in the various counties of the State. Part of the meeting will be held at the Seventh Avenue Hotel, and this evening's meeting will be at the Second Presbyterian church. H. J. Heinz will preside and all of the State officers are expected to be present.

HEART TROUBLE CAUSES DEATH

Mrs. Ellen Dagnall, 51 years and 4 months old, the wife of William Dagnall of 101 Lincoln avenue, died this morning at 1:30 o'clock of heart trouble. The funeral will be held from the late home at 2 o'clock Thursday afternoon, conducted by Rev. A. M. Dook of the Methodist church and Rev. L. W. Shey of St. Mary's Episcopal church. Interment will be in the Charleroi cemetery.

Mrs. Dagnall is survived by her husband, three sons, George, Charles, and Albert, and three daughters, Mrs. Joseph Van Straten, Nelle and Deborah, all at home. Three brothers, Joseph Kenyon, and George Kenyon, of Charleroi and Samuel Kenyon of Butler, and four sisters, Mrs. Sarah Leach of Butler, Mrs. Maud Mann of Alexandria, Ind., Mrs. Polly Kennick of Ottawa Ill., and Mrs. Lizzie Edmundson of St. Helens, England, also survive.

Mrs. Dagnall was a member of the Episcopal church in England, and a member of the home department of the Methodist Episcopal Sunday school in Charleroi. She was a woman well liked and universally respected.

Well Entertained.

The Lady Macabees Social at the home of Mrs. Katharine Gray of McKean avenue was well attended last night by both young and old and was a financial success. Games and music furnished the diversions until a late hour, when all departed delighted with their entertainment. The next social will be held next Monday evening at the home of Mrs. Caroline Drum at Roscoe.

No Enjoyment in Being a Target

Mrs. Smith Claims Her Doting Husband Amused Himself by Slinging Beer Bottles.

For disorderly conduct, Charles Brown, colored, was last night fined \$4.35 by Burgess George Kisbeck, which, owing to financial embarrassment, he was unable to pay. Charles was haled before the Burgess on a charge by his wife, Mrs. Mamie Brown, who alleged that her spouse had amused himself by slinging beer bottles at her physiognomy.

FROM STANDPOINT OF THE MILKMEN

Committee Writes Communication to Mail Regarding New Ordinance.

To the Mail: In your paper of late date we read that the committee of the Milkmen's Association, under date of November 12, reached a perfect agreement with the committee of council. As members of the first named committee we protest against such assertions. We remember that the first objection we made, Councilman Frye cut it short and said that they wanted clean milk and they were going to have it. A little later, when we timidly offered another objection, Councilman Frew cut us short and said, "we'll force it if not satisfactory to you." What was there for us to do, under such circumstances? The committee of council was in a very big hurry, and wanted to have things done quickly, so that our objections would be of no account. We consented much as a lone traveler at night consents to be held up, to let them run everything practically their own way. And so they did, until they ran against the stumbling block in the shape of the signing the license application. We would not sign, neither would we accept to be vexed by any man or set of men the board of health chose to send around. We made known the fact that we would not stand it.

Now we will say that all the milkmen are trying to give Charleroi the best, cleanest and most healthful milk they can practically produce; that we and the other milkmen will welcome any examination and advice from any real expert, and will listen to suggestions about conducting the farms and milking, from any man who understands the milk business better than we do. Further, we have our State inspector, our township inspectors, sometimes a special inspector who comes around to see that we keep within the proper limits. But now to cap the climax, your council wants us to be subjected day and night to visits of one or several, as it pleases the board of health or your incompetent city inspectors. There would be no end to it.

Furthermore we want to state to the people of Charleroi that their councilmen want a fancy article, or better named, certified milk. All over the United States certified milk sells from 16 to 20 cents a quart. No milkman in the association could furnish such milk at the present price of 8 cents a quart, unless at a loss. The milkmen do not intend to increase the burden of housekeeping, which

Ordinance Passes Third and Final Reading at Special Meeting.

TROLLEY MEN PRESENT

For Deeding Ground to Borough Company Will be Allowed to Double Track System.

The ordinance for the opening up of McKean avenue between the boroughs of Charleroi and North Charleroi by the Pittsburgh Railways company, and the one granting the company the privilege to double track in the borough of Charleroi from the North Charleroi line to the car barn, were passed third and final reading by the local council last night at a special meeting. The Pittsburgh Railways company deeded property on McKean between the two boroughs to Charleroi borough, and agree to open up the street. The street will be paved. The only privilege offered in return is the right to lay a double track.

J. M. Larned, engineer of maintenance of way and R. R. Stevenson, of the real estate department of the Pittsburgh Railways company, were present at the meeting, and turned over the deed to the property. The Railways company will open up the street at once, and lay their double tracks.

The ordinance extending the contract to the Charleroi Water company for the water rights in the borough 10 years, passed third and final reading. The ordinance is in accordance with the agreement reached some time ago with the Water company.

The meeting was attended by all members of council, President Frew being in the chair. Next Monday council will be reorganized for the year and the newly elected councilmen, A. H. Furlong and Dr. Alden O. Davis, will take their seats.

No 'Phone Orders.

Somewhat of an erroneous impression was created through a publication of an article in the Mail yesterday, concerning the discontinuance of agent by the Donora and Charleroi Brewing companies. It was stated the Donora brewery had also cut out 'phone orders, but no mention was made of the fact that the Charleroi brewery has not received any 'phone orders for two years.

Notice to the Public

According to our court's ruling we have discontinued solicitors. All persons wishing beer, will call at the Charleroi Brewery, or send order and money by mail, and the order will be promptly delivered.

One of the Benefactors.

Yesterday the news columns chronicled the death of Miss Clara S. Lang, aged 58 years, of Belle Vernon, who had been a school teacher for thirty years. Outside of her narrow sphere of friends and personal activity it is probable that Miss Lang was not widely known; but a woman who devoted thirty of the best years of her life to teaching in the public schools has performed a service that entitles her to the highest rewards, if there is any compensation for public duty well performed.

Miss Lang was but one of a large class of women who are devoting their lives to a profession that affords but scant compensation for the benefit it confers upon humanity and the public in general. Not only does the school teacher train the youthful mind and lead it along the paths of knowledge, but by precept and example she moulds and forms the characters of the little ones in her charge as well.

To be a successful school teacher requires an infinite degree of good nature, patience and executive capacity that applied to the more remunerative professions would bring far greater rewards. The statesman, the lawyer, the clergyman or the editor, who can understand his fellowman, read human nature and see things as they are, ranks far above the others of his class, and is rewarded accordingly. Yet these are the qualifications to a greater or less degree that keep women and men in the ranks of school teachers, without which they could not for a moment succeed. It seems to be one of the ironies of fate that those who do the most for humanity gets the least rewards. But the good they do lives after them, and this has its compensations in the final adjustment of God's will and human happiness.

City Without Slums.

Berlin is a huge and splendid city without slums. Its workmen are more German capital. Its laboring class is more decently and comfortably housed, therefore, than the wage earners of the other large European centers. Once it had some squalid and unsanitary dwellings approximating slums, in which the poorer classes lived, but the municipality bought up the entire district and tore down the wretched shacks. Today thousands of its working people reside in the cleanest and most inviting parts of the city. Very often their abode is what is called a hinterhouse—that is, a small domicile built in the rear of some pretentious apartment building. These usually look out upon the garden of the front house and must usually consist of a couple of bright, sweet rooms, a kitchen and bath. For this sort of residence he will pay about \$2 a week.

The German working man does not have to wrestle with the out-of-employment problem to the extent that makes life a burden to the bread winners of most lands.

It would be a hard task to engage a man by the day in Germany, for under their law a worker must be given eight days to four weeks' notice before his employer can tell him he is no longer needed. In addition he must be given opportunity to find a new place of service and the time he takes in looking it up must not be deducted from his wages. Altogether the condition of those in Germany who make their living by the sweat of their brows is better than in any nation unless, perhaps, in the United States.

A Greenville paper has made the horrible mistake of stating that some of the town's social beauties are guilty of smoking cigarets. Wherefore the aforesaid social beauties, very, very angry, have arisen in their wrath and (figuratively) have smitten their traducer with a great smite. They have consigned him to the lion's den, and have scorched his few withering locks with burning words. But, after all, he's nothing but a man—so there. And anyhow the girls say it's no one else's business if they did dally with cigarets, but they didn't—so there again.

Some of the beef men are surely getting in wrong in New Jersey, but what does that matter as long as the price of beef continues to advance?

Terrible Croup.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said "The boy has the croup again—suppose you get a bottle of Hyomei." "More junk," I said, "but we will circulate our money so that all will get some."

I hastened to an all night drug store, brought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hyomei a trial. Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St. S. E., Washington, D. C., Oct. 7, 1909.

Hyomei is a remarkably effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit.

HIGH CLASS MUSICIANS IN THE ELKS' CONCERT

Much interest is manifested in the Concert to be given by Charleroi Lodge, No. 494 B. P. O. Elks, in School Hall this evening. Many tickets have been sold and the indications are that the hall will be packed with an appreciative and music loving audience. The well known artists engaged to appear are Mrs. Charles Farrow Kimball, soprano; Miss Christine Miller, alto; David Stephens, tenor, and John Roberts, basso. These will be assisted by Joseph A. Wheeler, violin, and Vincent B. Wheeler, accompanist.

This well known quartet is composed of four of the most talented vocalists in this section of the State. Mrs. Kimball has had a wide experience in concert and oratorio recitals, while Miss Miller occupies the professional field as a soloist in connection with some of the leading orchestras of the country. Both Mr. Stephens and Mr. Roberts are noted vocalists and the quartet is qualified to give one of the best musical programs ever presented to a Charleroi audience. The concert begins at 8.30 this evening.

TRIES TO KILL WIFE AND THEN HIMSELF

Mike Polinsky, of Donora, despondent, it is thought, from lack of work last night tried to kill his wife and then himself, according to word from Donora this morning. His wife escaped with few injuries but Polinsky is now in the Memorial hospital at Monongahela, with a badly lacerated throat which may cause his death.

Miss Marie Pawek and Joel Berton spent Saturday in Pittsburgh.

Rev. C. E. Frontz was a visitor in Donora this morning with friends.

Roy Clelland, Frank Buchanan and Grover Clelland are spending the day in Pittsburgh with friends.

W. J. Priest and son Charles and Mrs. Brooks of Uniontown were guests Sunday and Monday with Mr. and Mrs. D. F. Worthington of McKean avenue.

Mrs. Albert Lape is at the Allegheny General Hospital, Pittsburgh, taking treatment. Mr. Lape was in Pittsburgh Sunday to visit her.

Oscar Hazlett, who has been confined to his home on Sixth street for two weeks with a serious attack of grip, left this morning for McKean, where he has business.

PROTECTED HOME CIRCLE SOCIAL A HIGH SUCCESS

The benefit pie social held by Charleroi Circle 303 P. H. C. last Friday evening was a great success. A large and refined audience was present, the pies sold readily for good prices, and a handsome sum of over \$20 was realized for the benefit of a sick member of a sister circle.

Music by the orchestra, piano solos, recitations and short addresses made up a very interesting program as a preliminary to the sale of the pies. The farce comedy Carnival of Nations was truly all it was intended to be, just simply a farce. District Deputy W. R. Stark of Uniontown, who has recently been assigned to the Charleroi district, was present and gave one of his forcible and interesting talks on fraternal insurance and the good of the order. The order at large embraces a membership of 75,000 at present, and 100,000 is asked for by January 1, 1911.

Charleroi Circle is asked to get 25 of that number. Four new applications were accepted at the last meeting and a large class will be initiated at the next meeting.

Charleroi Circle will now have a banner degree team composed of 12 ladies. Charles Walgreen has been chosen as captain of the team, and being an adept in his line will put the team in practice and active duty as soon as possible.

The committee of arrangements desire to thank their friends and members who so willingly and ably aided them in making the social a success financially as well as socially. All members are requested to be present next meeting as business pertaining to the forming of the new degree team will be taken up.

MASSAGE MADE EASY

Here's a Little Beauty Talk that it will Pay You to Read.

If you have tried to massage your face and neck with the usual unsatisfactory results on the part of amateurs at the art, you will be interested in knowing that Crown Cream and the Harlan Beauty Cup at once overcomes all difficulties, and really does more effective work than any hand operator can achieve. The Beauty Cup acts by a gentle vacuum system, and does its work perfectly.

There is no other preparation made which acts so satisfactorily on thin dry skin as Crown Cream. From its very nature such a skin is prone to wrinkle. Each tiny fold once created, becomes more and more deep seated, if let alone. There is neither sense nor reason in ignoring a wrinkle, because it can so easily be eradicated by the use of Crown Cream. The entire texture of the skin is cleansed and and by the use of the Beauty Cup, there is a vigorous renewal of proper circulation in the lower layers of the skin, thus building up a firmer tissue from beneath. This, will be seen, is a scientific manner in which to treat wrinkles, or as many of them as you possess. Once overcome, very ordinary care will keep the face free thereafter. You can get both Crown Cream and the Beauty Cup from all dealers, as a rule. If your dealer is not supplied, order direct from the Harlan Mfg. Co., Toledo, Ohio. The Crown Cream costs 50c a jar, and the Beauty Cups 50c each. Henning's Drug Store, Fifth and McKean, Charleroi, Pa.

Oscar Hazlett, who has been confined to his home on Sixth street for two weeks with a serious attack of grip, left this morning for McKean, where he has business.

AGREEMENTS ARE REACHED BY CHANGING APPLICATION

Milkmen and Local Committees Compromise on Milk Question.

NO LOCAL INSPECTION

Dairymen Contend That State Does Work Regularly and Claim That is Enough.

Through the efforts of a committee from the business men and the board of health of Charleroi, an arbitrary agreement has been reached with members of the Fallowfield Milkmen's Association, whereby they will continue the sale of milk in Charleroi, the same as before, but regulated by the ordinance recently passed, which went into effect today. A meeting of the association was held last evening in Fallowfield township, and Dr. Edwin McKay and Will M. Gault of the board of health, Kerfoot W. Daly, J. J. Hott and R. H. Rush, from the business men, attended the meeting. The whole trouble was over the application for license to sell milk in Charleroi. The milkmen refused point blank to agree to the conditions imposed therein, and the only way by which any agreement could be effected was by changing this. It was gone over part by part and the objectionable features stricken out. The board of health will have applications prepared at once in accordance with the agreement. The principal stand was taken by the dairymen on the question of local inspection. They would not agree to have any local man inspect their dairies when the State already had them inspected regularly. The application as it stands is as follows:

Charleroi, Pa., 1910. I hereby make application to the board of health of Charleroi, Pa., for permission to sell milk or cream in the borough of Charleroi from a wagon. The dairies from which I obtain milk are located in township, and are owned by The number of cows from which said milk is obtained is The number of quarts of whole milk which I sell on an average daily is There are no cases of typhoid fever, consumption, diphtheria, scarlet fever, small pox, or other communicable diseases of any kind in my house, family or among my employees, or in the house, family, or in the employees of the owner of the dairy or dairies from which said milk or cream is obtained; and in case of the appearance in any of the said families of any such diseases I will immediately make report thereof to the secretary of said board of health.

The application must be signed by the applicant. The milkmen did not deliver any milk in town today, but will begin under the new rules tomorrow. There was no trouble in reaching agreements last night and both sides were satisfied.

Controller Blows Out; Fire Results

Traffic on Pittsburg Railways Lines Delayed by Accident.

By the burning out of a controller on a car of the Pittsburg Railways company at Monongahela early this morning, some delay in traffic was caused. The car was in charge of Conductor James Buchanan and Motor-man Ollie Michener. When the controller blew out the car caught fire, and before the flames could be extinguished, part of the car had been burned. The accident happened at about 6:45 o'clock, the car being the one due here at 7:15 o'clock.

LARGE CROWDS OPENING NIGHT

Vaudeville Drew Well at Coyle With Good Performances on the Bill.

Charles T. Crowley, as Lewis Sweitzer, Miss Georgia Ahl as Miss Madeline and Tom Kane as Deacon Goodenough and Sweetie, were the headliners on the list at the Coyle Theatre last night in the opening of the vaudeville. The trio is known as the "Omega Trio," and have an intensely humorous sketch, "Sweetie's Finish," in which the exceedingly clever work of Crowley, as the German, Sweitzer, in the featuring part. Tom Kane easily walked off with the medal for the best vocalist, having an exquisite voice with complete knowledge of how to use it. Miss Georgia Ahl, the lady in the trio, by her prepossessing mannerism and talented work was a favorite.

Besides the "Omega Trio," Blanche Meade had her wonderful performing dog "Sparkles," perform any number of difficult things. The dog went so far as to even read, besides accomplishing other equally remarkable tasks. The Bartlettas, billed as European Equilibrists, proved favorites. The number was really better than the ordinary, and the praise they received was fully deserved. Steppes and Salvador in "Rosenbaum the Soldier" were slightly above the ordinary in their act, and gained the good will of the audience by their funnyities. Logan Williams, The Minstrel Man, cracked a number of good jokes, not at all cold storage, or if they were, so changed around that people were unable to recognize them.

The Coyle, under the new management, was crowded to the limit for both performances. For the first performances standing room was at a premium, and it was necessary to carry in chairs.

WILLIAM NOBLE STILL IN SERIOUS CONDITION

William Noble of near Centerville, who was the victim of a brutal assault by a negro at his home Saturday night, is still in serious shape. He was able to be up this morning, but is hardly in condition to walk. His wife, who was also somewhat used up, is about doing her work. Kemp Smith, who is confined in the Charleroi lockup for the crime, protests his innocence.

DISTRICT LEADERS RUN UP BIG SCORE BUT SURPRISES MAY COME

Tail Enders May Come Up Astonishingly Fast Within the Next Few Days—Candidates Coming to Front.

PLENTY OF TIME TO ENTER AND WIN VALUABLE PRIZES

In every district there is still a chance for some new entrant to advance to the front. Nobody is safe because he leads the list today. Perhaps right now some one in the back ground is quietly working away, suddenly to appear at the top of the heap when others thought him safely asleep on the job.

Take District No. 5. There are two or three who, before the contest is ended, may be in different places from where they are now, for the contest is hardly started. And it is a pretty safe bet there'll be some big doings in District 1 and 2. Some entries are already shouting about the rapid pace. They talk of dropping out when others are just entering and simply running away with the votes that those earlier in the race could get every day, if they would only try.

Going to let the newcomers scare you out? Pshaw. "YOU" ought to have more sand than that.

The one that's worth while is the one who will smile—When the contest is over.

Some folks are going to open their eyes and look with wild surprise when the winners in this great contest are announced on the night of March 26.

A man who dropped in the other day to see us said that some "live wire" could run away with some of the districts. It's not too late.

A lot of candidates who have just begun to work say it is the greatest fun they ever had. They say it's all in trying and when once they try, the way their scores shoot up is a marvel. It's no bluff, either. Just ask some leader or anyone else who's really trying to win if they're not tickled to death that they're in the race and see what they say. Not one of them will tell you "nay," but all will confess that they are going to stay to the finish and see it out.

This will be a sure 'nuff contest.

A CORRECTION.

In the voting rules of yesterday the Contest Editor made a mistake in the dates, stated in the paper as March 1st and should be March 14th. The following is correct:

No candidate will be permitted to cast more than 10,000 votes more than the leader had in the published list of votes in the previous day's issue, ending March 14.

After March 14 there will be no limit to the voting and candidates may cast as many or few votes as they choose.

RETURN RECEIPT BOOKS.

Candidates who are not active in the contest should return the subscription books, as we need them very badly for the workers.

HEART TROUBLE CAUSES DEATH

Mrs. Ellen Dagnall, 51 years and 4 months old, the wife of William Dagnall of 101 Lincoln avenue, died this morning at 1:30 o'clock of heart trouble. The funeral will be held from the late home at 2 o'clock Thursday afternoon, conducted by Rev. A. M. Dook of the Methodist church and Rev. L. W. Shey of St. Mary's Episcopal church. Interment will be in the Charleroi cemetery.

QUIET WEDDING AT LUTHERAN CHURCH

At Christ Lutheran church at 8:30 o'clock last evening Miss Susan Elizabeth Anthony, daughter of Mr. and Mrs. A. S. Anthony of McKean avenue, and John A. Lane of Charleroi were married. Rev. Chalmers E. Frontz, the pastor of the church officiating. The affair was witnessed only by the immediate families. The ring ceremony was used. Mr. and Mrs. Russell Anthony, the former a brother of the bride, attended the couple, and the wedding march was played by Miss Adele Henple. The couple will not take any tour at the present time, but will begin house-keeping here. Mr. Lane is employed in the American Steel and Wire plant at Donora, where he holds a responsible place. The bride is a popular young lady. The couple have the good wishes of a host of friends.

Enters New Business.

Charles Richards of Charleroi has resigned his position in the American Steel and Wire company's office at Donora, and has entered business with J. R. Gordon, at Monessen. The firm will be known as Gordon and Richards, electrical contractors and expects to do a general electrical contracting work.

We will always have a good supply of milk. McDermott's. 16313

The funeral will be held from the late home at 2 o'clock Thursday afternoon, conducted by Rev. A. M. Dook of the Methodist church and Rev. L. W. Shey of St. Mary's Episcopal church. Interment will be in the Charleroi cemetery.

Mrs. Dagnall is survived by her husband, three sons, George, Charles, and Albert, and three daughters, Mrs. Joseph Van Strate, Nelle and Deborah, all at home. Three brothers, Joseph Kenyon, and George Kenyon, of Charleroi and Samuel Kenyon of Butler, and four sisters, Mrs. Sarah Leech of Butler, Mrs. Maud Mann of Alexandria, Ind., Mrs. Polly Kennick of Ottawa Ill., and Mrs. Lizzie Edmundson of St. Helens, England, also survive.

Mrs. Dagnall was a member of the Episcopal church in England, and a member of the home department of the Methodist Episcopal Sunday school in Charleroi. She was a woman well liked and universally respected.

Well Entertained.

The Lady Maccabees Social at the home of Mrs. Edna Gray of McKean avenue was well attended last night by both young and old, and was a financial success. Games and music furnished the diversions until a late hour, when all departed delighted with their entertainment. The next social will be held next Monday evening at the home of Mrs. Caroline Drum at Roscoe.

Mrs. Smith Claims Her Doting Husband Amused Himself by Slinging Beer Bottles.

For disorderly conduct, Charles Brown, colored, was last night fined \$4.35 by Burgess George Risbeck, which, owing to financial embarrassment, he was unable to pay. Charles was haled before the Burgess on a charge by his wife, Mrs. Mamie Brown, who alleged that her spouse had amused himself by slinging beer bottles at her physiognomy.

FROM STANDPOINT OF THE MILKMEN

Committee Writes Communication to Mail Regarding New Ordinance.

To the Mail: In your paper of late date we read that the committee of the Milkmen's Association, under date of November 12, reached a perfect agreement with the committee of council. As members of the first named committee we protest against such assertions. We remember that the first objection we made, Councilman Frye cut it short and said that they wanted clean milk and they were going to have it. A little later, when we timidly offered another objection, Councilman Frew cut us short and said, "we'll force it if not satisfactory to you." What was there for us to do, under such circumstances? The committee of council was in a very big hurry, and wanted to have things done quickly, so that our objections would be of no account. We consented much as a lone traveler at night consents to be held up, to let them run everything practically their own way. And so they did, until they ran against the stumbling block in the shape of the signing the license application. We would not sign, neither would we accept to be vexed by any man or set of men the board of health chose to send around. We made known the fact that we would not stand it.

Now we will say that all the milkmen are trying to give Charleroi the best, cleanest and most healthful milk they can practically produce; that we and the other milkmen will welcome any examination and advice from any real expert, and will listen to suggestions about conducting the farms and milking, from any man who understands the milk business better than we do. Further, we have our State inspector, our township inspectors, sometimes a special inspector who comes around to see that we keep within the proper limits. But now to cap the climax, your council wants us to be subjected day and night to visits of one or several, as it pleases the board of health or your incompetent city inspectors. There would be no end to it.

Furthermore we want to state to the people of Charleroi that their councilmen want a fancy article, or better named, certified milk. All over the United States certified milk sells from 16 to 20 cents a quart. No milkman in the association could furnish such milk at the present price of 8 cents a quart, unless at a loss. The milkmen do not intend to increase the burden of housekeeping, which

Ordinance Passes Third and Final Reading at Special Meeting.

TROLLEY MEN PRESENT

For Deeding Ground to Borough Company Will be Allowed to Double Track System.

The ordinance for the opening up of McKean avenue between the boroughs of Charleroi and North Charleroi by the Pittsburg Railways company, and the one granting the company the privilege to double track in the borough of Charleroi from the North Charleroi line to the car barn, were passed third and final reading by the local council last night at a special meeting. The Pittsburg Railways company deeded property on McKean between the two boroughs to Charleroi borough, and agree to open up the street. The street will be paved. The only privilege offered in return is the right to lay a double track.

J. M. Larned, engineer of maintenance of way and R. R. Stevenson, of the real estate department of the Pittsburg Railways company, were present at the meeting, and turned over the deed to the property. The Railways company will open up the street at once, and lay their double tracks.

The ordinance extending the contract to the Charleroi Water company for the water rights in the borough 18 years, passed third and final reading. The ordinance is in accordance with the agreement reached some time ago with the Water company.

The meeting was attended by all members of council, President Frew being in the chair. Next Monday council will be reorganized for the year and the newly elected councilmen, A. E. Furlong and Dr. Alden O. Davis, will take their seats.

No Phone Orders.

Somewhat of an erroneous impression was created through a publication of an article in the Mail yesterday, concerning the discontinuance of agent by the Donora and Charleroi Brewing companies. It was stated the Donora brewery had also cut out 'phone orders, but no mention was made of the fact that the Charleroi brewery has not received any 'phone orders for two years.

Notice to the Public

According to our court's ruling we have discontinued solicitors. All persons wishing beer, will call at the Charleroi Brewery, or send order and money by mail, and the order will be promptly delivered.

is already too great, by raising the price of milk, but we will agree to do our best towards providing good, clean and healthy milk, as it is possible to furnish under the circumstances. One of the Benefactors.

Yesterday the news columns chronicled the death of Miss Clara S. Lang, aged 58 years, of Belle Vernon, who had been a school teacher for thirty years. Outside of her narrow sphere of friends and personal activity it is probable that Miss Lang was not widely known; but a woman who devoted thirty of the best years of her life to teaching in the public schools is entitled to the highest rewards. If there is any compensation for public duty well performed.

Miss Lang was but one of a large class of women who are devoting their lives to a profession that affords but scant compensation for the benefit it confers upon humanity and the public in general. Not only does the school teacher train the youthful mind and lead it along the paths of knowledge, but by precept and example she moulds and forms the characters of the little ones in her charge as well.

To be a successful school teacher requires an infinite degree of good nature, patience and executive capacity that applied to the more remunerative professions would bring far greater rewards. The statesman, the lawyer, the clergyman or the editor, who can understand his fellowman, read human nature and see things as they are, ranks far above the others of his class, and is rewarded accordingly. Yet these are the qualifications to a greater or less degree that keep women and men in the ranks of school teachers, without which they could not for a moment succeed. It seems to be one of the ironies of fate that those who do the most for humanity gets the least rewards. But the good they do lives after them, and this has its compensations in the final adjustment of God's will and human happiness.

City Without Slums.

Berlin is a huge and splendid city without slums. Its workingmen are more German capital. Its laboring class is more decently and comfortably housed, therefore, than the wage earners of the other large European centers. Once it had some squalid and unsanitary dwellings approximating slums, in which the poorer classes lived, but the municipality bought up the entire district and tore down the wretched shacks. Today thousands of its working people reside in the cleanest and most inviting parts of the city. Very often their abode is what is called a hinterhouse—that is, a small domicile built in the rear of some pretentious apartment building. These usually look out upon the garden of the front house and must usually consist of a couple of bright, sweet rooms, a kitchen and bath. For this sort of residence he will pay about \$2 a week.

The German working man does not have to wrestle with the out-of-employment problem to the extent that makes life a burden to the bread winners of most lands.

It would be a hard task to engage a man by the day in Germany, for under their law a worker must be given eight days to four weeks' notice before his employer can tell him he is no longer needed. In addition he must be given opportunity to find a new place of service and the time he takes in looking it up must not be deducted from his wages. Altogether the condition of those in Germany who make their living by the sweat of their brows is better than in any nation unless, perhaps, in the United States.

Card of Thanks.

We wish through the columns of the Mail to kindly thank the ladies and all those who aided us in making our supper a success.

Ain't it something fierce? Or words to that effect.

A Greenville paper has made the horrible mistake of stating that some of the town's social beauties are guilty of smoking cigarettes. Wherefore the af-fresaid social beauties, very, very angry, have arisen in their wrath (figuratively) have smitten their traducer with a great smite. They have consigned him to the lion's den, and have scorched his few withering locks with burning words. But after all, he's nothing but a man—so there. And anyhow the girls can't do no one else's business if they did dally with cigarettes, but they didn't—so there again.

Some of the beef men are surely getting in wrong in New Jersey, but what does that matter as long as the price of beef continues to advance?

If we are to believe all that is said about Greene county and the poor directors, the criminal court there is due to have more business at the next term than it has had for some time.

Mrs. Eva McDonald Valesh says that with the higher wages for women employees will come a higher standard of morality. That's something for John D. Rockefeller, Jr., to think about while he is continuing his investigations of the white slave traffic.

Several towns have partly made arrangements for holding big Fourth of July demonstrations. There is plenty of time for Charleroi to act, however.

Roosevelt is coming home again soon, so it would be advisable for the trusts to close up business.

The most suitable place for the reception of Col. Roosevelt on his home coming from Africa would doubtless be the Bronx Zoo in New York city.

The man who commits suicide by hanging himself to the bed post with his suspenders is in danger of having the coroner's jury render a verdict something like the following: "The deceased came to his death by coming home drunk from the club and mistaking himself for his pants."

"I just saw a nephew I had never seen before," "Who?" "I don't know—he was just born."

Marriage licenses were issued at the clerk of court's office at Washington Saturday to two couples from Charleroi. These are Joe Burton and Marie Fowels and Edward Watts and Marie Kirschner.

Terrible Croup.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said "The boy has the croup again—suppose you get a bottle of Hyomei." "More junk," I said, "but we will circulate our money so that all will get some."

I hastened to an all night drug store, brought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hyomei a trial. Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St. S. E. Washington, D. C., Oct. 7, 1909.

Hyomei is a remarkably effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit.

Cost to Hyomei Co. to test and manufacture costs \$1.00 at druggists everywhere and at Piper Bros. It is guaranteed to cure catarrh, coughs and colds.

Skin Diseases Readily Cured by a Simple Home Treatment.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring worm, or any form of skin disease often ask the question, "is there a cure?"

HIGH CLASS MUSICIANS IN THE ELKS' CONCERT

Much interest is manifested in the concert to be given by Charleroi Lodge, No. 494 B. P. O. Elks, in School Hall this evening. Many tickets have been sold and the indications are that the hall will be packed with an appreciative and music loving audience. The well known artists engaged to appear are Mrs. Charles Farrow Kimball, soprano; Miss Christine Miller, contralto; David Stephens, tenor, and John Roberts, basso. These will be assisted by Joseph A. Wheeler, violin, and Vincent B. Wheeler, accompanist.

This well known quartet is composed of four of the most talented vocalists in this section of the State. Mrs. Kimball has had a wide experience in concert and oratorio recitals, while Miss Miller occupies the professional field as a soloist in connection with some of the leading orchestras of the country. Both Mr. Stephens and Mr. Roberts are noted vocalists and the quartet is qualified to give one of the best musical programs ever presented to a Charleroi audience. The concert begins at 8:30 this evening.

TRIES TO KILL WIFE AND THEN HIMSELF

Mike Polinsky, of Donora, despondent, it is thought, from lack of work last night tried to kill his wife and then himself, according to word from Donora this morning. His wife escaped with few injuries but Polinsky is now in the Memorial hospital at Monongahela, with a badly lacerated throat which may cause his death.

Miss Marie Pauwek and Joel Berton spent Saturday in Pittsburgh.

Rev. C. E. Frontz was a visitor in Donora this morning with friends.

Roy Clelland, Frank Buchanan and Grover Clelland are spending the day in Pittsburgh with friends.

W. J. Priest and son Charles and Mrs. Brooks of Uniontown were guests Sunday and Monday with Mr. and Mrs. D. F. Worthington of McKean avenue.

Mrs. Albert Lape is at the Allegheny General Hospital, Pittsburgh, taking treatment. Mr. Lape was in Pittsburgh Sunday to visit her.

Oscar Hazlett, who has been confined to his home on Sixth street for two weeks with a serious attack of grip, left this morning for McKeesport, where he has business.

PROTECTED HOME CIRCLE SOCIAL A HIGH SUCCESS

The benefit pie social held by Charleroi Circle 808 P. H. C. last Friday evening was a great success. A large and refined audience was present, the pies sold readily for good prices, and a handsome sum of over \$20 was realized for the benefit of a sick member of a sister circle.

Music by the orchestra, piano solos, recitations and short addresses made up a very interesting program as a preliminary to the sale of the pies. The farce comedy Carnival of Nations was truly all it was intended to be, just simply a farce. District Deputy W. R. Stark of Uniontown, who has recently been assigned to the Charleroi district, was present and gave one of his forcible and interesting talks on fraternal insurance and the good of the order. The order at large embraces a membership of 75,000 at present, and 100,000 is asked for by January 1, 1911.

Charleroi Circle is asked to get 25 of that number. Four new applications were accepted at the last meeting and a large class will be initiated at the next meeting.

Charleroi Circle will now have a banner degree team composed of 12 ladies. Charles Walgreen has been chosen as captain of the team, and being an adept in his line will put the team in practice and active duty as soon as possible.

The committee of arrangements desire to thank their friends and members who so willingly and ably aided them in making the social a success financially as well as socially. All members are requested to be present next meeting as business pertaining to the forming of the new degree team will be taken up.

MASSAGE MADE EASY

Here's a Little Beauty Talk that it will Pay You to Read.

If you have tried to massage your face and neck with the usual unsatisfactory results on the part of amateurs at the art, you will be interested in knowing that Crown Cream and the Harlan Beauty Cup at once overcomes all difficulties, and really does more effective work than any hand operator can achieve. The Beauty Cup acts by a gentle vacuum system, and does its work perfectly.

There is no other preparation made which acts so satisfactorily on thin dry skin as Crown Cream. From its very nature such a skin is prone to wrinkle. Each tiny fold once created, becomes more and more deep seated, if let alone. There is neither sense nor reason in ignoring a wrinkle, because it can so easily be eradicated by the use of Crown Cream. The entire texture of the skin is cleansed and and by the use of the Beauty Cup, there is a vigorous renewal of proper circulation in the lower layers of the skin, thus building up a firmer tissue from beneath. This, will be seen, is a scientific manner in which to treat wrinkles, or as many of them as you possess. Once overcome, very ordinary care will keep the face free thereafter. You can get both Crown Cream and the Beauty Cup from all dealers, as a rule. If your dealer is not supplied, order direct from the Harlan Mfg. Co., Toledo, Ohio. The Crown Cream costs 50c a jar, and the Beauty Cups 50c each. Henning's Drug Store, Fifth and McKean, Charleroi, Pa.

Our Invitation

Each week we pay for this space for the privilege of inviting you once again to become a depositor of our bank.

The person who reads about us many times a year ought to know us at least many times better than if he had read about us but once. The better he knows us the more likely he is to like us and our business methods.

Your account, large or small, is urgently solicited and respectfully invited.

Making Ready for Our New Clothing Department MEANS A Great Reduction

is necessary in the stocks now carried in our Gent's Furnishings, Art Goods and Notion Rooms. In order to clear our shelves of hundreds of dollars worth of surplus goods, prices are cut tremendously—we must have the room; now is the time to supply your needs. Remember, our stock of Men's and Boys' Clothing will be here in a few days, everything brand new and up-to-date; our goods will be RIGHT, our styles will be RIGHT, our prices will RIGHT. It will pay you to wait until our new stock arrives before buying your new spring suit. Watch for further announcements, soon to follow, in the meantime while we are making ready, come take advantage of the low prices that prevail all over this big store.

WE WANT TO SHOE EVERY MAN IN TOWN

If you are figuring on buying a new pair of Spring Shoes, let us figure with you.
We are showing all the new styles that are appropriate for either sloppy weather or sunshine.

We are in the best position to fit you out with whatever you want.

We don't confine ourselves to any one make or manufacturer.

We make it a point to always have on hand

Any Good Kind of Shoes You May Desire

If they don't appeal to your taste or your foot, then we're equipped to show you other styles that will.

We are having gratifying success with our lines of men's shoes.

The Spring styles are quite different in many respects.

Come, See Them

Pay us \$2.50, \$3.00, \$3.50 or \$4.00 and we'll give you the best pair of shoes your money can buy.

Your money back, if anything goes wrong with the shoes, is the way we do it.

We Sell The Marvel Self-Working Washer

The wonderful invention that enables you or your housemaid to attend to the regular household duties while the clothes are being washed—washed sweet and clean.

Attach the hose to the faucet and turn on the water—that is all you have to do. Washes a tubful of clothes in from 7 to 15 minutes without rubbing or tearing. The gentle, rotary motion forces the water through the fabric, takes out all the dirt. Washes heavy blankets or dainty lingerie equally well.

Buy a Marvel. Save yourself from the work and worry of wash-day. Save your clothes from the wear and tear of the wash-board. Save your laundry bill. This means actual dollars to you, and the Marvel costs only \$15. It pays for itself over and over in one year. It is positively guaranteed.

Runs itself by ordinary water-works pressure.

Come in and see the "Marvel."
